

neurobiologisches montagskolloquium

des zentrums für neurologie

programm wintersemester 2011/2012

- _____ 28.11.2011 **Simon Eickhoff** (Universitätsklinik Düsseldorf) · Gastgeber: Marc Himmelbach
Investigating connectivity and networks in the human brain
- _____ 12.12.2011 **Hans Straka** (München) · Gastgeber: Uwe Ilg
Gaze stabilization: sensory-motor transformation or intrinsic control by locomotor commands?
- _____ 16.01.2012 **Hermine Wenzlaff** (FU Berlin) · Gastgeber: Uwe Ilg
Human perceptual decision making in the visual and tactile domain
- _____ 30.01.2012 **Igor Kagan** (Göttingen) · Gastgeber: Axel Lindner
Intra- and interhemispheric neuronal interactions during spatial decision making
- _____ 06.02.2012 **Cristiana Cavina-Pratesi** (Durham) · Gastgeber: Marc Himmelbach
Getting a grip on grasping: neural correlates of visually guided reach-to-grasp actions
